GENERAL: The fees and terms applicable to your business account at We Florida Financial are provided in this document and in our Important Information about Business Share Accounts brochure. The Credit Union may offer other rates from time to time. Except as specifically described, the following disclosures apply to all of the accounts listed on the reverse side of this document.

RATE INFORMATION: The Annual Percentage Yield (APY) is a percentage rate that reflects the total amount of dividends/interest or earnings to be paid on an account based on the rate and frequency of compounding for an annual period. For Business Savings and Business Checking Plus accounts, the dividend rate and APY may change monthly as determined by the Credit Union's Board of Directors. For the Business Money Market Account, the interest rate and APY may change at any time as determined by Credit Union Management.

NATURE OF DIVIDENDS: Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period are met.

COMPOUNDING AND CREDITING: The compounding and crediting of dividends/interest and the period applicable to each account are listed by account type within this document. The dividend/interest period begins on the first calendar day of each month and ends on the last calendar day of each month.

ACCRUAL: For Business Savings, Business Checking Plus, and Business Money Market accounts, dividends/interest will begin to accrue on non-cash deposits (e.g. checks) on the business day you make the deposit to your account; however, if you close the account before accrued earnings are credited; accrued earnings will not be paid.

BALANCE INFORMATION: The par value of a regular share in the Credit Union is \$5. The minimum balance requirements applicable to each account are listed under each account type within this document. For Business Savings and Business Checking Plus accounts, there is an average daily balance required to avoid a service fee for the statement period. If the average daily balance is not met, there will be a service fee. For Money Market accounts using a daily balance method, interest is calculated by applying a daily periodic rate to the principal in the account each day. If the daily balance is not met, a service fee will apply.

ACCOUNT LIMITATIONS: For Business Savings and Business Money Market accounts, no more than six (6) pre-authorized, automatic, or telephone transfers may be made from these accounts to another account you own or to a third party in any calendar month. If you exceed these limitations, your account is subject to a fee for each transaction in excess and/or subject to closure.

*NOTE: See separate rate sheet for current annual percentage yields (APYs) available for each product. The credit union may offer other rates / APYs & terms from time to time.

THIS CREDIT UNION IS FEDERALLY INSURED BY THE NATIONAL CREDIT UNION ADMINISTRATION
